

QUINTE HUMANE SOCIETY

VISIT WWW.QUINTEHUMANESOCIETY.COM

OUR MISSION

To promote the prevention of cruelty to animals that are neglected, abused, exploited, stray or homeless.

Work within the law and in cooperation with the government, OSPCA and the public, in order to improve conditions for animals while maintaining a balanced sensitivity toward both animal and human needs.

A quick visit to the Quinte Humane Society website can answer many questions you might have about the organization. We have a news feed on the right side of the main page that we update on a regular basis with information on fundraisers, events, and other useful material. It is a great way to keep up to date about the goings on at the shelter.

ALL YOU NEED IS LOVE

We don't have any beetles at the shelter, but we do have many dogs, cats and small animals that could use a little love. Our volunteer program is always ready to accept new volunteers and it is as simple as coming in, filling out an application and answering a few questions. The animals would love to see you!

WINGS & WHEELS CLASSIC CAR SHOW

The Quinte Humane Society and the National Air Force Museum of Canada C. F. B. Trenton are partnering up to host the Wings & Wheels Classic Car Show **July 24th 2016** from 10:00 AM to 3:00 PM on the museum grounds. Cars and planes chronicling the different eras of Canada's automotive and aviation history will be paired up so the public can trace their dual course of innovation.

WIGGLE WAGGLE WALKATHON

Walkers and Runners are invited to participate with their dogs in this fun filled event by simply collecting pledges for the Quinte Humane Society and then joining us on **September 17th 2016** for a fantastic day filled with activities for the whole family including our canine pals.

“With the warm weather finally here, please remember to not leave your dogs in the car, dogs cannot perspire and overheat very quickly” –

Frank Rockett,

Executive Director – Quinte Humane Society

TIPS FOR THE SUMMER

- **Walk with caution.** Don't walk your dog during the day's highest heat and humidity, which is usually between 1 and 4 PM. This is especially important for dogs with short snouts, such as bulldogs, who can't pant as efficiently in humid weather due to their narrowed nostrils and windpipes.
- **Never leave your pet in the car.** Even if windows are cracked, the interior temp can rise by 19°F in as little as 7 minutes. On a hot day, this can be deadly.
- **Act like a lifeguard.** Never leave your pet unsupervised near an uncovered pool.
- **Protect** against fleas, ticks, heartworms, sarcoptic mange and ear mites with a visit to your vet. These can be more prevalent in the warmer seasons and are easily prevented with a prescription.
- Make sure your pets have access to a **shaded area and plenty of water**, both inside and outside the house.
- Spend plenty of time with your pets enjoying all the season has to offer.

To make a donation in support of the animals visit www.quintehumanesociety.com, drop by the shelter or mail your cheque to the above address. QHS is a registered Charity #89838 1439 RR0001
